

VANESSA ANGUIANO

PROJECTS

ROV Project | HTHCV 2015

- Designed and built and underwater ROV in a group of 4
- ROV made out of PVC pipes

Ciudad De Angeles | HTHCV 2015/2016

- Each Student in our class was assigned and kid from Ciudad De Angeles a orphanage located in Tijuana
- Handmade presents for the orphans to give them a memorable Christmas.

The Power Within | HTHCV 2016/2017

- Where does your power come from? This is the question each student was given in order to write a story about something that impacted their life. The writing process wasn't easy, we underwent several peer critique sessions in order to improve our stories. We all basically contributed each other's stories by giving cool and warm feedback and probing questions.

Model United Nations | HTHCV 2015/2016

- Model United nations consisted of a mock conference.
- Each student participating in this conference was assigned a different country, all the countries worked together to come up with a realistic resolution for current world issue.

SKILLS

- Public Speaking
- Work Ethic
- Leadership
- Open Minded
- Perseverance
- Self-Discipline
